

Sample Taking using the Superdrug Nurse Clinic service

Your doctor will discuss the tests you need and the costs for these tests.

Your doctor will then arrange for a test kit to be sent to you.

This test kit will contain the correct sample tubes and a request form.

This request form **must** accompany your sample(s) when they are sent to **The Doctors Laboratory**.

Please arrange for your sample(s) to be taken by a healthcare professional: this may be your GP, or GP's nurse, or local healthcare service.

Depending on your location, an appointment with a nearby **Superdrug Nurse Clinic** provides an additional option. A list of locations is provided overleaf.
